Circles of Self-Awareness

*Gatherings that offer clarity,
confidence, and connection
within ourselves and
with each other.*

A collective experience from
The ORIGIN Methodology of Self-Discovery
Facilitated by Amy Camie

“Circles of Self-Awareness” begin with an initial meditation that opens an inner pathway unique to each individual. Insights come to awareness. Collective patterns emerge as we begin to see our reflection in others. The conversation deepens with the selection of The LOTUS Mandalas.

These symbolic messages reflect our shared human experience; reminding us we are all connected and never alone.
