"You touch others in such a deep place with your music...**because it comes from such a deep place inside of you.**" ~ Marti S.

"I am an Eden Energy Medicine Advanced Practitioner & Pharmacist. **I play your music during my EEM sessions & consider it better than Xanax.** Thanks for your effort! God gave you a beautiful gift & you use it well." ~ Blessings, Laura B.

"Just want to say your music has been a blessing in our lives (my wife and I). I bought her The Magic Mirror when she was going through breast cancer treatment. **She listened to it every night to ease her fears and sleep.** It was a blessing." ~ Blessings, Chris

"The Miracle of Your Music" - Gary has been **dealing with increased panic attacks**, feeling as if he is suffocating and the walls are closing in on him...they come every day and night in waves of physical and emotional misery. **He can't sleep**, not even if he sits in a recliner. **Amy, the ONLY thing that helps is your music!** I play the CD on a loop in the bedroom and he is able to sleep. He is completely in a deep sleep. This is so wonderful! I know that this is helping his mind and body heal from these panic attacks. **I know that your music is the best medicine for soothing the scars of his heart and soul.** Your inspiration is a gift to all of us who are touched by your music and your sweet spirit. I am so very grateful to you. You are an inspiring example to the world." ~ Toni G.

Your music has had an incredibly positive effect on my mental health and well-being.

Your music is not only beautiful, it is soothing, relaxing and most importantly calming.
